Healing Starts Here

What services do we provide?

THE FIRST STEP

Abuse.

The word alone is hard to hear. And when a child has been abused, it is even harder to know where to turn for help, guidance, and understanding.

The first step is the Child Advocacy Center of Lapeer County. The CAC has the experience to help children and families navigate a complex system while staying focused on what matters most: **Child Safety and well-being.**

A HOLISTIC APPROACH

Helping abused children and their families requires an approach that addresses the physical, emotional and legal dimensions of abuse. It requires a coordinated response from expert professionals to reduce stress throughout the investigation of an intervention process.

The Child Advocacy Center of Lapeer County is the only nonprofit in the County involved in the investigation of crimes against children. We work in partnership with all the necessary agencies, including police, prosecutors, social workers, advocates, medical and mental health professionals, and other specialist to coordinate a plan of action.

We provided high-quality, specialized services for abused children and their families in the comfort and convenience of our child-friendly location. All services are free of charge.
